CAREER HIGHLIGHTS

- Shipped 7 versions of an award-winning BIM modelling software, 3 of which I contributed to as a full-stack product designer
- Mentored 4 thriving colleagues personally and successfully educated over 70 QA Engineers and other professionals on how our server product works under the hood
- Gained team member mentality as a swimmer, and once even swam 4 seconds faster for my relay team than in my individual event on the same day

WORK EXPERIENCE

PRODUCT DESIGN

PRODUCT DESIGNER

GRAPHISOFT (HUN) | OCTOBER 2021 - PRESENT

- Conducting the UX and UI design of projects of our enterprise BIM modelling software from start to finish including research, ideation, prototyping, final design and validation
- Initiated and now developing our Design System
- Mentored 2 fellow designers who are now both completely autonomous in all areas of our work
- Developing and executing operational changes within the Global Design Team as a core member of the Design Operations Council

JUNIOR PRODUCT DESIGNER

GRAPHISOFT (HUN) | NOVEMBER 2020 - SEPTEMBER 2021

- Putting my product knowledge to work and contributing to an award-winning software by designing complex workflows
- Validating our concept and design regularly with inner stakeholders and users

QUALITY ASSURANCE

QUALITY ASSURANCE ENGINEER

GRAPHISOFT (HUN) | JULY 2016 - OCTOBER 2020

- Designing project-wide test plans and carrying out risk analysis in close cooperation with key stakeholders
- Mentored 2 fellow QA Engineers
- Taking part in 3 internal workgroups, participating in the ideation and development of testing methods
- Prioritised 100s of bugs over the course of 4 years along with the Product Owner to strengthen our cloud server product
